

OFF-CAMPUS COOPERATIVE PROGRAMS

"Liberal arts education—the preparation of the whole person for the whole of life. Such an education is taking place at PLNU through campus classes, field work experiences, co-curricular activities and a plethora of international study opportunities."

~ David Strawn, Associate Provost for International Studies and Dean of Arts and Sciences.

Point Loma Nazarene University cooperates in selected semester-long programs for students who would benefit from an academic experience that cannot be offered on the San Diego campus. These programs are officially Point Loma-endorsed even though they are offered through other institutions. Students enrolling in these programs register for courses listed in this portion of the Catalog and must determine with their advisors, in advance, how credit for this work might be applied to graduation requirements. Furthermore, students must consider the implication of such study on University-funded scholarships. Additional information may be obtained online at www.ploma.edu/internationalstudy.

Applications for Off-Campus Cooperative Programs (OCP) are available in the Office of the Director of International Studies.
