Point Loma Nazarene University

Point Loma Nazarene University is the liberal arts educational institution of the southwest region of the Church of the Nazarene. Founded in 1902 in Los Angeles, California, by Dr. Phineas F. Bresee, the university brings together opportunities for intellectual discourse, leadership development, and spiritual formation within a supportive faith of gifted, committed faculty and professional staff.

Accredited by numerous agencies and associations, including the Western Association of Colleges and Schools, Point Loma enrolls approximately 3,400 students at five locations. On the main San Diego campus, students may earn the bachelor's degree in 59 major areas of study. At PLNU, students may also pursue graduate degrees in business administration, religion, education, nursing or biology. The university offers graduate and credentialing programs in education in Arcadia, Bakersfield, the Inland Empire, and in San Diego's Mission Valley.

In addition to their academic pursuits, students are encouraged to develop a committed, personal relationship with Christ. They are continually exposed to and challenged by truths that foster an authentic and thoughtful personal faith. PLNU's commitment extends to the development of the whole person.

Individuals serving as faculty at Point Loma Nazarene University are committed to lifelong teaching and learning. With a strong dedication to excellence in a community of faithful learners, the PLNU faculty bears witness to Jesus Christ by exhibiting scholarship as an act of stewardship to God.
