Note: This data is taken from annual fall IPEDS reports

Note: This data represents actual head count and not full-time equivalents (FTEs). Included in these numbers are students who are studying in University settings beyond the Point Loma campus as well as part-time students.

Note: This data includes all students not just those seeking degrees.

Note: The snapshot date for graduate students for the annual fall IPEDS reports was moved in 2005 to more accurately capture the data.
