

Chiro Net Plan CB Highlights

What's Covered

Benefits are administered by American Specialty Health Plans (ASHP). When you go to an ASHP participating provider, Health Net will arrange and provide coverage if the proper procedures are adhered to.

There is no need for a referral. Simply make an appointment with any chiropractor in the ASHP network and you may change chiropractors at any time. Your benefits are as follows:

- \$10.00 Copayment per visit
- Limited to 30 visits, per member per calendar year

Making an appointment is a snap! Just call any of the more than 1,900 network providers throughout California. These Chiropractors are under contract with Health Net and ASHP to provide exams and treatment.

After the initial visit, authorizations needed for any additional treatments will be requested by your provider and handled through ASHP at no hassle to you!

For further information regarding benefits and the provider network, please call ASHP at 1-888-231-9473 or call Health Net's Customer Service Department at 1-800-522-0088.
