* General Education (GE) courses are preceded by a dark green header.

¹ Math proficiency courses are considered remedial and the units do not transfer to PLNU or count toward the units required for a bachelor's degree. Completion of this course waives the prerequisite for GE math and the nursing major.

² These courses are required for the BSN degree, but may be taken at PLNU concurrently with the first nursing courses.

³ Child Development will be accepted in lieu of Human Development (FCS150), which is a required course for the Nursing major, but the student must complete a 2 unit course at PLNU in later developmental stages. The 2 unit course may be taken concurrently with first year nursing courses.

⁴ These courses may be taken at PLNU concurrently with nursing courses
