Faculty-Student Research Presentation or Project

Dianne L. Anderson with Mike Rall, Mary Ann Rall, and Melissa Hedgecock

Presentation, "New Biology Cartoons Based on Alternative Conception Research," California Science Education Conference, San Jose, California, October 2008. Research-based concept cartoons on the topics of natural selection, cycling of matter, and cell division were developed and field-tested in middle school and high school classrooms.

Dianne L. Anderson with Rachel Tenenbaum

Presentation, "Analogies in Biology: Wolves in Sheep's Clothing or Great Tools?," California Science Education Conference, San Jose, California, October 2008. Analogies can be useful in science education, but only if

the students clearly understand the relationship between the analogy and the target concept, as well as where the analogy breaks down.

Sara Yu Chung with Anthony Pistotti and Julie Thomsen

Research Project, "Studies of the Partial Oxidation of Ethanol and Methanol over Metal Oxide Catalysts," Spring 2009. Investigation of the effect of methanol on the partial oxidation of ethanol on metal oxide catalysts.

Sara Yu Chung with Justin Bordley and Julie Thomsen

Research Project, "Studies of the Partial Oxidation of Ethanol and Methanol over Metal Oxide Catalysts," Summer 2009. Investigation of the effect of methanol on the partial oxidation of ethanol on metal oxide catalysts.

Sara Yu Chung with Mark Boerneke, Summer Bunting, Kevyn Davenport, Vanessa Franz, Madison Kempton, Kristin Mitrovich, Anthony Montano, Rebekah Schneider, Seth Simonds, Elyse Swift, Luke Tatum, Julie Thomsen, Jacob Thorpe, David Vandebroek, Karl Wilhelm with Gary L. N. Smith

Poster, "Sharing Chemistry with Middle School and High School Students Through Interactive and Stimulating Educational Methods," 237th National American Chemical Society Meeting, American Chemical Society, Salt Lake City, Utah, March 23, 2009. Students from Point Loma Nazarene University's Student Affiliates of the American Chemical Society (Chemistry Club) presented their club activities.

Gregory D. Crow and Maria R. Zack with Rachel Shibley

Research Project, "Indicators of Persistence to Graduation," April 2009. Honors Project studying various indicators of student persistence at PLNU.

Gregory D. Crow and Maria R. Zack with Sarah Lauff

Research Project, "Institutional Research: Freshman Retention and Cafeteria Patterns," April 2009. Honors Project investigating the connection between student retention and cafeteria use.

Gregory D. Crow and Maria R. Zack with Alana Nichol

Research Project, "Student Entry, Exit and Reentry Points at PLNU," April 2009. Honors Project studying the patterns of students' paths to degrees at PLNU.

Robert C. Elson with Heather Lee, Abel Salgado and Karissa Vaillancourt

Research Project, "Expression Patterns of Biogenic Amines, Amine-Synthesizing Enzymes, and Ion Channels in the Developing Nervous System of Model Insect Species," Summer 2009.

Poster Presentation, "Expression Patterns of Biogenic Amines and Their Synthetic Enzymes in the Developing Nervous System of Model Insect Species," Celebration of Math and the Sciences at PC/PLNU, Point Loma Nazarene University, San Diego, California, November 20, 2009.

G. L. Forward with Bethany Denney, Chris Gutierrez, Nicole Villanueva

Presentation, "The Influence of Argumentativeness and Religiosity on Conflict Management Style Choice," Religious Communication

Presented research on microfinance and social capital and how those relate to women's political empowerment in impoverished countries.

Victor L. Heasley with Luke A. Tatum

Presentation, "Appearance of an Unexpected Lactam from the Reaction of 2,2,4,4,6-Pentachlorohexen-1,3-dione with Ammonia," 237th National Meeting of the American Chemical Society, Salt Lake City, Utah, March 23, 2009.

Alan C. Hueth with Shelby Martin, Sarah Willer, and Chris Gutierrez

Conference Presentation, "Ethics of Voice and Worldview in the 'Personal Essay' Documentary: A Case Study of Three Student Documentary Films Shot at the Same Location," Broadcast Education Association, Las Vegas, Nevada, April 23, 2009.

Leon M. Kugler with Maure McCammon

Research Project, "The Influence of Fatigue on Frontal Plane Knee Angle and Force Generation on Hip Abduction in Females," Honors poster presentation, Point Loma Nazarene University, San Diego, California,

April 24, 2009. Fatigue resulted in decreased single leg squat time but not significant frontal plane knee angulation.

Kim W. Schaeffer with Stephanie Bedford

Presentation, "Effects of Prayer and Mantra Repetition on Stress Level," Western Psychological Association 89th Annual Convention, Portland, Oregon, April 23-26, 2009. Spiritually-based mantra repetition was equally effective as free prayer in reducing stress levels in college students.

Dale F. Shellhamer with Kevyn J. Davenport

Presentation, The Synthesis of Chlorosulfonyl Fluoro- β -Lactams: A Mechanistic Study of the Electrophilic Addition of Chlorosulfonyl Isocyanate to Monofluoroalkenes," 237th National Meeting of the American Chemical Society, Salt Lake City, Utah, March 23, 2009.

Dale F. Shellhamer with Danielle M. Hassler, Kelli Hickle, Jacob J. Thorpe, and David J. Vandebroek

Research Project, "Electrophilic Reactions of Fluorinated Alkenes," Summer Undergraduate Research, Point Loma Nazarene University, San Diego, California, Summer 2009. Explored the characteristics of fluoroalkenes with electrophiles to synthesize model compounds related to antibiotics.

Paper Presentation, "Reaction of Chlorosulfonyl Isocyanate with Fluorosubstituted Alkenes," 19th Winter Fluorine Conference, St. Petersburg Beach, Florida, January 16, 2009.

John T. Wu with Kristine Cramer and Joanna Bomba

Research Project, "Asian, Latino, and White Interracial and Same Race Marriage," Western Psychological Association 2009 Annual Conference,

Portland, Oregon, April 25, 2009. Presented research poster regarding ethnic differences in marriage satisfaction.

Research Project, “Marital Satisfaction in Relation to Premarital, Current, and Web Behaviors,” Western Psychological Association 2009 Annual Conference, Portland, Oregon, April 25, 2009. Presented research poster regarding marriage behaviors and their impact on marriage satisfaction.

Grants (Research, Instructional, or Developmental)

Institutional Awards

Alumni Association Teaching Development Award

Robert C. Elson

\$2,000, “Neural Control of Gut Movements in Insect Pests,” May 2009. This grant enabled the purchase of an impedance monitor and a boom stereo microscope with digital camera.

J. Craig Johnson

\$2,000, Residency with Master Teacher Ann Baltz.

Son Chae Kim

\$2,000, “Impact of Evidence-Based Practice Institute Among Staff Nurses and Advanced Practice Nurses,” April 2009.

Doretha A. O'Quinn

\$2,000, Smee Grant, Alumni Association Teaching Development Award, May 2009. The grant was designed to complete the study of best practices for preparing pre-service teachers in Christian universities to work in urban schools. The study will also support the design of a course in urban education.

Research and Special Projects (RASP)

Senyo Adjibolosoo

\$800, "Updating and Enhancing the Fermanian School of Business Microfinance Database."

Rita R. Callahan and Larry B. Rankin

\$1,000, Continuing Development of a School of Nursing in Ghana (Phase II) Curriculum Development.

Diana Reynolds Cordileone

\$1,300, Language training in Zagreb, Croatia (Bosnian/Croatian/Serbian) and image permissions for article "Swords into Souvenirs: Austro-Hungarian Cultural Politics in Bosnia 1878-1914."

David E. Cummings

\$1,600, "Antibiotic Resistance Genes in the Tijuana River Estuary."

Robert C. Elson

\$1,400, "Development of the Neurons Controlling Arousal and Vegetative Functions in Insect Pests," November 2008. The grant contributed to the purchase of a microscope drawing tube.

Brad E. Kelle

\$750, "Neo-Assyrian Insights on Ancient Israel and the Hebrew Bible," October 2008. Funds for travel to professional conference as founding chair of a session.

Son Chae Kim

\$1,500, "Evaluation of Family-Provider Alliance Program."

Robin J. Kohl and Conni E. Campbell

\$750, "A Contemporary Application of the Wesleyan Perspective in Education."

Michael S. Mooring

\$1,500, using a rugged tablet PC for field collection of bison space use data.

Gary L. N. Smith

\$1,500, "Potentiometric Titrations of Tripodal Compounds," November 2008. The goal of this project is to advance toward the development of a synthetic anion receptor for arsenate.

John W. Wright

\$750, "A Reader on Theology and the Univeristy."

Wesleyan Center for Twently-first Century Studies

These awards are given for the preparation of original essays and research projects of the goals and purposes of the Center.

FELLOWS: *Teaching load reduction awarded during academic year*

Victor Labenske

Sunday Morning Handbook: An Instruction Manual for Developing Church Keyboard Skills

Hadley Wood

Graceful learning: A Wesleyan View of Teaching

SCHOLARS: *Summer 2008*

Point Loma Nazarene University

Point Loma Nazarene University is the liberal arts educational institution of the southwest region of the Church of the Nazarene. Founded in 1902 in Los Angeles, California, by Dr. Phineas F. Bresee, the university brings together opportunities for intellectual discourse, leadership development, and spiritual formation within a supportive faith of gifted, committed faculty and professional staff.

Accredited by numerous agencies and associations, including the Western Association of Schools and Colleges (WASC), Point Loma enrolls approximately 3,400 students at five locations. On the main San Diego campus, students may earn the bachelor's degree in 59 major areas of study. At PLNU, students may also pursue graduate degrees in business administration, religion, education, nursing or biology. The university offers graduate and credentialing programs in education in Arcadia, Bakersfield, the Inland Empire, and in San Diego's Mission Valley.

In addition to their academic pursuits, students are encouraged to develop a committed, personal relationship with Christ. They are continually exposed to and challenged by truths that foster an authentic and thoughtful personal faith. PLNU's commitment extends to the development of the whole person.

Individuals serving as faculty at Point Loma Nazarene University are committed to lifelong teaching and learning. With a strong dedication to excellence in a community of faithful learners, the PLNU faculty bears witness to Jesus Christ by exhibiting scholarship as an act of worship to God.

*“Love the Lord you God with all your heart and with all your soul and with all your **mind**.”*
