Assistant Professor of Business

- As part of a small faculty team, I developed and expanded the recently created BCom degree program and taught courses for both the BCom and BA degree programs.
- I developed and taught the following courses: Finance, Business Statistics, Business Strategy, Business Ethics, Business and Government, Business and the Environment, Non-profit Management, Special Topics in Business. Also supervised students' independent studies in business and business internships.
- I led the organisation of TKUC's Interdisciplinary Studies Conferences in 2003-2004

PROFESSIONAL EXPERIENCE

2004-2007 International Health Partners (UK) Wadhurst, UK
2004-2006 Director
2006-2007 Consultant (Toronto)

- I helped establish this new non-governmental organisation (NGO) as a partnership between the UK pharmaceutical and medical supplies industry, UK and international development NGOs, the UK and other national governments, international agencies such as the WHO, the UK medical community and the UK public for the primary purpose of providing medicines and medical supplies for overseas relief and development efforts.

- As Director, I took leadership in designing and implementing most of the operational aspects of International Health Partners' work (IHP). I was also involved in the building of a wide variety of partnerships with the various stakeholder groups with whom IHP works – most prominently in working with the UK pharmaceutical industry to initiate and develop ways in which UK pharmaceutical companies could become involved more directly and sustainably in international relief and development efforts.
- In the first two years of operations, IHP distributed over £13 million of medicines and supplies (or nearly 1 million courses of treatment) in support of relief and development efforts in more than 30 countries.

1997–2001 Health Partners International of Canada Montreal, QC

Director of International Health Programs

- I worked with key Canadian non-governmental organisations (NGOs) and agencies of the Canadian government to provide medicines for overseas relief and development efforts.
- I had overall responsibility for Health Partners' work with Canadian pharmaceutical and vaccine manufacturers to source donations for all overseas initiatives. This work included developing a planning interface with the Canadian pharmaceutical and vaccine industries to ensure optimal product donations of priority vaccines and medicines for humanitarian purposes.

1990–1994 CTI Capital Inc. Montreal, QC & Toronto, ON

Institutional Bond Salesman and Bond Market Researcher

- I dealt with large institutional clients as a salesman and developed bond market strategies for the company's research bulletin and for private placements. In 1992, I organized and opened the company's Toronto office, and was involved in the administration of this office.
