OTHER EXPERIENCE

EPSILON CAMP

Camp Director

October 2012 – Present

Epsilon Camp is a residential camp serving promising young mathematicians and their families through an intensive student program and parent workshop. This program is for children who are passionate about math as well as very competent. The mission is to meet the learning needs of children 7 to not yet 12 years of age with extreme intelligence and a love of mathematics by identifying and exposing them to suitable content, pedagogy, peers, and mathematicians.

ALTUS MATH*Board of Directors*

December 2012 – Present

A 501(c)(3) non-profit organization dedicated to the promotion of mathematics to individuals under the age of 18. Altus math is the sponsoring organization of Epsilon Camp and hosts summer math conferences, which facilitate the world's greatest child mathematicians in a centralized location to convene, engage and discuss problem solving of higher order math functions.

PULSESTAR LIGHTING, LC – Norfolk, VA

June 2009 – Present

PULSESWITCH SYSTEMS, LC – Norfolk, VA

June 2006 – Present

Director of Financial and Strategic Planning

PulseStar™ is a unique, highly efficient and flexible lighting system that saves 40% to 80% of the electricity used by older technologies. Its patented wireless switch controls combined with virtually instant-on, multiple-level lighting make PulseStar™ the ultimate energy saver. PulseStar™ saves the most in places traditionally served by High Intensity Discharge lamps (HIDs) such as metal halides and T12 fluorescents found in warehouses, distribution centers, manufacturing facilities, retail space, gymnasiums, parking garages, convention halls, etc.

SAN DIEGO YOUNG ARTISTS SYMPHONY – San Diego, CA*Board of Trustees*

May 2012 – January 2014

The San Diego Young Artists Symphony (SDYAS) is a non-profit organization with a mission to provide serious music students the opportunity to study, enjoy, and perform challenging musical literature in a nurturing environment that incorporates the standards of excellence of a music conservatory.

VIRTUEPLAY, INC – Marina Del Rey, CA*Chief Financial Officer (Interim)*

June 2007 – July 2014

VirtuePlay launched in 2003, develops, publishes and distributes interactive software worldwide for video games on personal computers, online and game consoles. The company creates and distributes its products exclusively using the ground breaking real-time 3D software technology invented by partner company Virtue Arts, Inc. VirtuePlay also develops virtual reality programs for location based experiences and in-home on consumer personal computers.
